**Atlanta Car Accident Attorney, James Murphy, Featured in *The Wall Street Journal* as One of America's PremierExperts**

*James Murphy, Atlanta trial lawyer and author, featured in The Wall Street Journal as one of America's PremierExperts®, in recognition of being a leading expert in personal injury law.*

**Atlanta, Ga. – September 28, 2010** – An elite group of celebrity experts from various industries were featured in *The Wall Street Journal* in a full-page color spotlight on Tuesday, September 14, 2010. One of these experts, James Murphy, Atlanta car accident and worker's comp attorney, is being featured as a member of America's PremierExperts®. James was chosen for this feature for his expertise and success in the fields of Atlanta car accident law and worker's compensation, as well as his dedication and belief in putting clients first.

James Murphy has been practicing law for almost twenty years. His firm, Murphy and Associates, is based in the Atlanta, Ga. area and primarily focuses on injury cases. James is a member of the Association of Trial Lawyers of America and Georgia Trial Lawyers.

In the *Wall Street Journal* feature, when asked for one big idea for business owners to help them thrive in our current economy, James Murphy replied, "In my book 'How to Buy Car Insurance In Georgia,' I wrote, 'In the new economy we are in, there is a greater need to be informed about the ramifications of things that can happen. This means protecting ourselves with insurance, including health, life, and good uninsured motorist insurance (UM) coverage on our vehicles.' - I strongly recommend that you review your automobile insurance policy limits. If you have anything less than one million dollars in UM coverage, I would strongly advise you to contact your insurance agent to find out what the cost would be to cover you for that amount. You hear about terrible accidents every day. With the increasing costs of medical expenses like hospital and doctor bills, doesn't it make sense to have as much coverage as you possible can?"
